

SBase

```
classDiagram
    class SBase
    class DomainType {
        spatialId: SpId
        spatialDimension: int
    }
    SBase <|-- DomainType
```

The diagram shows a class hierarchy. At the top is a box labeled ***SBase***. Below it is a box labeled **DomainType**. A vertical line connects the bottom of the **DomainType** box to the bottom of the ***SBase*** box, with a hollow triangle pointing upwards towards ***SBase***, indicating that **DomainType** inherits from ***SBase***.

DomainType

spatialId: SpId

spatialDimension: int
