

SBase

```
classDiagram
    class SBase
    class Species["Species (extended)"]
    Species --|> SBase
```

The diagram shows a solid rectangular box labeled ***SBase*** at the top. Below it is a hollow triangle pointing upwards, connected to the bottom of the ***SBase*** box by a vertical line. This triangle points to a dashed green rectangular box below it. Inside this dashed box, the text **Species (extended)** is written in green, followed by `isSpatial: boolean` in green.

Species (extended)

`isSpatial: boolean`
